

MX125 AND MX240 DRILLING FLUID SYSTEMS

LARGE FUEL TANK. The MX240 is equipped with a 15 gal (56.8 L) fuel tank for fewer fill-ups.

MODULAR DESIGN. Allows the power pack to be mounted on either end of the tank or trailer, enhancing operator accessibility to the unit.

KEEP IT MIXED. A hopper with a round design and cone-shaped bottom helps prevent drilling fluid additives from settling.

SLIM FIT. The MX125 [500 gal (1892.7 L) option only] features a narrow profile for easy side-by-side trailer transport with a HDD.

START YOUR ENGINES. The MX125 is available with either a 5.5 hp (4.1 kW) Honda gas engine or 6.7 hp (5 kW) Hatz diesel engine, while the MX240 features either a 23.5 hp (17.5 kW) Kohler CH732 or a 22 hp (16.4 kW) Hatz 2G40 engine option.
